integrate into site

- **Alpha Vantage:** Provides free APIs for real-time and historical stock data, including price, volume, and other financial metrics.
- **Polygon.io:** Offers a comprehensive API for stock market data, including real-time and historical data, options, and cryptocurrencies.
- **IEX Cloud:** Provides access to a wide range of financial data, including stock prices, fundamentals, and news.
- **Yahoo Finance API:** Offers historical stock data, including prices, dividends, and splits.
- **Twilio:** While primarily a communication API, Twilio can be used to send SMS or WhatsApp alerts when stock prices hit certain thresholds
