# Colleges and Universities in New Mexico

The list below is every active, degree-granting institution IPEDS classifies at the four-year level. It is a directory, not a ranking. Two-year colleges, certificate-only schools, and institutions that have closed or stopped reporting are not here.

## Public university systems

System membership as recorded in the IPEDS directory. Counts are of four-year public members in this table only, so a system that also runs two-year campuses will show more members in its own materials.
