Breed	Origin	CPL Status	Purpose	Adult Weight (lbs)	Egg Color	Egg Size	Rate of Lay/Yr	Temperament	Brooding/Mothering	Experience	Climate	Uses and Notes
Ancona	Italy	Watch	Eggs	6/4.5	White	Medium to Large	Good; 120-180	Highly active	Non-Settlers	Novice	Does well in both cold and heat	Noted for hardiness and vigor; prefers to free range over wide areas; good winter layers; pheasant-like; single comb vulnerable to frostbite
Aseel	India and Pakistan	Critical	Meat	5.5/4	White or tinted light brown	Small	Poor; 6-40	Both sexes can be very aggressive	Settlers	Intermediate/Advanced	Best in warm climates; can tolerate some cold, but need to be kept dry	Breed makes excellent crosses for the production of broilers; very hardy and predator savvy; exceedingly protective mothers
Andalusian	Spain	Watch	Eggs	7/5.5	Chalk white	Large	Very Good; ~160	Active, yet gentle	Non-Settlers	Novice/Intermediate	Best in hot to moderate climates	Very rugged and robust; blue feather coloration can be a challenge to perfect; excels in free-range conditions; typically not good in confinement
Belgian Bearded D'Uccle Bantam	South China, Burma	Watch	Ornamental/Exhibition	1.6/1.4	Tinted	Small	Good; 100-120	Active, but calm	Can be good brooders	Novice/Intermediate	Does not do well in humid environments	Pet and exhibition fowl, insect control in the garden
Booted Bantam	Vietnam, Thailand, Malaysia, Burma	Critical	Ornamental/Exhibition	1.6/1.4	White, cream or tinted	Small	Good; 100-120	Active, but calm	Can be good brooders	Novice/Intermediate	Not cold tolerant	Pet and exhibition fowl, insect control in the garden

Buckeye	United States	White	Meat, Eggs	9/6.5	Brown	Large	Good; 12-150	Active, yet gentle	Variable	Novice	Does well in cold, but can adapt to heat over time	Excellent broilers; breast meat is almost dark like thighs; best ranger of the American class; exceedingly protective mothers
Buttercup	Sicily	Threatened	Eggs	6.5/5	White	Small to Medium	Good; 14-180	Highly active	Non-Settlers	Intermediate	Best in hot to moderate climates	Good forager; does well on free range; striking flower-shaped comb that can be a challenge to perfect
Campine	Belgium	Threatened	Eggs	6/4	White	Medium to Large	Good; 15-20+	Very active	Non-Settlers	Novice	Best in hot to moderate climates	Vigorous forager; if silver variety is crossed with the golden variety, chicks can be sexed as day-olds
Catalana	Mediterranean	Critical	Eggs, Meat	8/6	White to Tinted	Medium	Good; 15-20+	Active	Non-Settlers	Novice	Best in hot to moderate climates	Meat is succulent; cockerels often used for capon in Spain; can be flighty but not overly so
Chantecler	Canada	Watched	Eggs, Meat	8.5/6.5	Brown	Large	Good; 12-180	Docile, but some lines can be variable	Variable	Novice	Best in cold climates; not recommended for hot regions	Good winter layer; has almost no wattles and a tiny button comb; has well-fleshed breasts
