US baseball

The entry point for baseball in the United States, one level above the league pages. Start with [baseball](#) for the game itself.

The leagues

- [MLB](#) — the top professional level
- [minor league baseball](#) — the affiliated tiers beneath it
- [West Virginia minor league](#)

Where it is played

- [MLB Ballparks](#)
- [Minor League Ballparks](#)

Teams by state

Per-state team rosters are planned and not yet written. The intended set is one page per state, all fifty, from Alabama through Wyoming, each listing the professional, affiliated, and independent clubs based there. Nothing links to them yet because none of them exist — this page records the shape so the set can be built in one pass rather than piecemeal.
